Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Sunday 10 Oct 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Monday, mainly Fine and dry but cloudier in the north.

This Evening and Tonight:
Remaining breezy and showery across northern Scotland with thicker cloud and more persistent rain into northwest Scotland later. Elsewhere, colder than last night and dry with clear periods and isolated fog patches.

Monday:
Many areas fine and dry with sunny spells. Turning rather cloudy in the north though, cloud thick enough for some rain at times, mostly over northwest Scotland.

Outlook for Tuesday to Thursday:
Most places dry with variable cloud, some sunshine and perhaps overnight fog patches. Cloudier in the north generally, as well as the east on Tuesday, with light rain at times.
